

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

Along with this application form to add on a compounding and repackaging licence, you will need to submit a floor plan depicting the physical facilities, space, and entire layout of the licensed pharmacy. The scale drawing must reflect any areas in which pharmacy services are being provided. This floor plan must comply with the [Floor Plan Requirements Guide](#). Floor plans submitted that do not clearly indicate all elements listed within this guide will be rejected.

The physical facilities, space, and layout of a licensed pharmacy must remain as depicted in the scale drawing approved by the Alberta College of Pharmacy (ACP) at the time of application. Any changes to the physical facilities, proposed use of space or layout of a licensed pharmacy are considered renovations and require advanced notice and approval by the registrar prior to implementing these changes.

An inspection confirming compliance with the [Foundational Requirements for Opening a Licensed Pharmacy](#), [Standards for Pharmacy Compounding of Non-Sterile Preparations](#), [NAPRA Model Standards for Pharmacy Compounding of Non-Hazardous Sterile Preparations](#) and/or [NAPRA Model Standards for Pharmacy Compounding of Hazardous Sterile Preparations](#) will be completed by a Pharmacy Practice Consultant before issuance of a compounding and repackaging licence. Compounding and repackaging services for other pharmacies are **not** permitted before the licence is provided.

The completed application form and floor plan(s) must be submitted to our office at least 45 days prior to the intended change. Application submission can be accepted via email to pharmacy@abpharmacy.ca

*****Incomplete applications will delay the processing time*****

Section One: Pharmacy Information

Operating name of the pharmacy _____ Licence # _____

Physical address – PO Box # not acceptable here _____

City _____ Province _____ Postal code _____

Phone # - include area code _____ Fax # - include area code _____ Toll-free # (if applicable) _____

Website address (if applicable) _____

Pharmacy hours: Monday-Friday _____ Saturday _____ Sunday/Holidays _____

The number of hours per week the pharmacy will be open to the public: _____

The number of hours per week the licensee, on average, will be present at this pharmacy¹: _____

¹ The legislation was developed on the premise that a licensee is a clinical pharmacist, practicing at the pharmacy for which they hold a licence, and who would be present for a regular and significant portion of the time that services are provided from the pharmacy. This presence is important for the licensee to personally manage, control, and supervise the day-to-day operation of the pharmacy. Being present means being in attendance at the pharmacy. It does not mean that the licensee must be engaged in patient care activities for the duration of this time, as time is required to fulfill their licensee responsibilities. This also excludes vacation and/or short-term illnesses that are less than 90 consecutive days.
 Alberta College of Pharmacy ■ 1100-8215 112 St. NW. Edmonton, AB T6G 2C8 ■ Tel 780-990-0321 ■ Fax 780-990-0328 ■ pharmacy@abpharmacy.ca

print clearly

Email address: _____ Phone #: _____

Proprietor's Agent Contact Information

Contact name: _____ ACP Reg #: _____
print clearly (if applicable)

Email address: _____ Phone #: _____

Section Three: Pharmacy Staff

Pharmacy staff: Identify ALL pharmacists and technicians that are currently employed at this pharmacy location. Assistants are not regulated members. The licensee (manager) is responsible for notifying ACP of future staff changes via e-mail at pharmacy@abpharmacy.ca

Pharmacy licensees and staff pharmacists are automatically granted narcotic signing authority for all locations in which they are employed. Students, Interns and technicians cannot hold narcotic signing authority.

Note: Ensure the below list is accurate and complete as ACP will add/remove employees accordingly

ACP Registration #	Name	Pharmacist, Intern, Student, Technician, or Provisional technician	Licensee Yes/No

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

Section Four: Pharmacy Operations and Services

Part A: General Questions

<p>a) Will the pharmacy provide pharmacy services to or for a patient for which the patient or patient's agent attends the pharmacy to receive the service?</p> <ul style="list-style-type: none"> • If yes, a community pharmacy licence is required 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>b) Will the pharmacy provide pharmacy services to or for a patient for which neither the patient nor the patient's agent regularly attends the pharmacy to receive the service?</p> <ul style="list-style-type: none"> • If yes, a mail order pharmacy licence may be required 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>c) If yes to b), will a pharmacist regularly attend personally on the patient to assess the patient and monitor the patient's response to drug therapy?</p> <ul style="list-style-type: none"> • If yes, exempt from requiring a mail order pharmacy licence 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>d) Will the pharmacy be providing pharmacy services, drug products, or compounds for use in animals?</p> <ul style="list-style-type: none"> • If yes, what is percentage of the business is for non-human use? 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>e) Will the pharmacy provide services to individuals who reside outside of Alberta?</p> <ul style="list-style-type: none"> • This does not include services provided to those who are in Alberta on an incidental basis for vacation or work. 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>f) Will the pharmacy be compounding preparations for another licensed pharmacy or institution that dispenses or sells those products?</p> <ul style="list-style-type: none"> • If yes, a compounding and repackaging pharmacy licence is required 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>g) Will the pharmacy be preparing compliance packaging or repackaging medications for another licensed pharmacy or institution that dispenses or sells those drugs?</p> <ul style="list-style-type: none"> • If yes, a compounding and repackaging pharmacy licence is required 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>h) Will the pharmacy routinely compound narcotic medications for another licensed pharmacy or institution that dispenses or sells those drugs?</p> <ul style="list-style-type: none"> • If yes, the pharmacy must hold a licensed dealer permit issued by Health Canada 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>i) Will the pharmacy be compounding benzodiazepines or other targeted substances, not pursuant to a prescription, for another licensed pharmacy or institution that dispenses or sells those drugs?</p> <ul style="list-style-type: none"> • If yes, the pharmacy must hold a licensed dealer permit issued by Health Canada 	<input type="checkbox"/> Yes <input type="checkbox"/> No
<p>j) Will the pharmacy provide any pharmacy services, including compounding or repackaging, in a space where the pharmacy personnel must leave the dispensary and go through a non-dispensary area to access this space?</p> <ul style="list-style-type: none"> • If yes, this space may be considered a secondary dispensary² and therefore is not eligible to apply for a compounding and repackaging license • If yes, a separate pharmacy licence for the non-contiguous space may be required. 	<input type="checkbox"/> Yes <input type="checkbox"/> No

² A [Secondary Dispensary](#) is an additional space that acts as an extension of the primary dispensary, and may be used for storing, compounding, repackaging, or preparing drugs for sale. A space is considered a secondary dispensary if pharmacy personnel must leave the primary dispensary and go through a non-dispensary area (e.g., patient services area, stockroom) to access the secondary dispensary. Only pharmacies that **were licensed prior to March 3, 2018** and **do not have a compounding or repackaging licence** are eligible to apply for a secondary dispensary. If you are unsure whether your pharmacy qualifies as a secondary dispensary, please contact the ACP office for verification.

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

k) Will the pharmacy provide Opioid Agonist Therapy (OAT) for opioid dependency?	<input type="checkbox"/> Yes <input type="checkbox"/> No
l) Will the pharmacy be located in a shared premise ³ (for example, with a medical clinic)? <ul style="list-style-type: none"> • If yes, need to provide a detailed floor plan of the pharmacy itself and an overall floor plan of the shared facility. • If yes, need to operate as a lock and leave pharmacy. 	<input type="checkbox"/> Yes <input type="checkbox"/> No
m) Will the pharmacy operate as a lock and leave pharmacy? <ul style="list-style-type: none"> • A pharmacy operating as a lock and leave must have a secure, lockable barrier that effectively prevents access to the dispensary, adequate key-control policies, and its own security system to monitor and detect any unauthorized entry. 	<input type="checkbox"/> Yes <input type="checkbox"/> No
n) Will the pharmacy have off-site storage of records outside of the dispensary? <ul style="list-style-type: none"> • If yes, need to submit an Application to Maintain Records at a Location Other than the Pharmacy 	<input type="checkbox"/> Yes <input type="checkbox"/> No
o) Has the pharmacy renovated, or will the pharmacy be renovating? <ul style="list-style-type: none"> • If yes, you must complete an Application for Pharmacy Renovation including payment. • If the floor plan submitted does not match the floor plan ACP has on file, you will be required to submit an Application for Pharmacy Renovation including payment. 	<input type="checkbox"/> Yes <input type="checkbox"/> No

³ According to the [Foundational Requirements: Guidance Document for Opening a Licensed Pharmacy](#), the pharmacy and an adjoining business must be able to operate independently of one another; patients must be able to recognize when they have entered the licensed pharmacy, and that an adjoining business (e.g., a medical clinic) is separate from the pharmacy. The pharmacy and the adjoining business must not engage in any practice or enter into any arrangement that unduly interferes with independent patient choice.

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

Part B: Compounding Services

Non-sterile compounding

All pharmacies must have an area for compounding drugs and be equipped to provide compounding services, as per Section 14(2)c.iii of the *Pharmacy and Drug Regulation*.

Prior to completing the following section you must:

1. Review the [Standards for Pharmacy Compounding of Non-sterile Preparations](#) and the [Guidance Document for Pharmacy Compounding of Non-sterile Preparations](#) and other [related documents](#).
2. Determine to what level of risk the pharmacy will operate at by considering the active pharmaceutical ingredients (APIs) that the pharmacy will use to compound and in what quantities. For each API, refer to the National Institute for Occupational Safety and Health ([NIOSH](#)) list and the Safety Data Sheet (in particular, Sections 2 and 8) to determine the level of risk to personnel, the appropriate personal protective equipment, and the engineering and room controls required for the pharmacy. When there is uncertainty as to the level of risk, you must adhere to the higher standard. Retain copies of all Safety Data Sheets and the assessments of risk.

What APIs will the pharmacy use during compounding? Applicants must check “Yes” to at least one category

Check One	Ingredients/Compounds	Physical requirements*
<input type="checkbox"/> Yes <input type="checkbox"/> No	Hazardous drugs which are classified by NIOSH as Group 1	Level C <ul style="list-style-type: none"> • Separate, entirely closed off room with a sink with external ventilation through HEPA filtration • Containment device (C-PEC) must have either redundant HEPA filters in a series or be externally ventilated (the preferred option). • Negative pressure of at least -2.5 Pa to the surrounding areas • Appropriate air exchange of at least 12 ACPH (air changes per hour)
<input type="checkbox"/> Yes <input type="checkbox"/> No	Hazardous materials classified by WHMIS as a health hazard, such as those very irritating to the respiratory track, the skin, and the mucous membrane	
<input type="checkbox"/> Yes <input type="checkbox"/> No	Drugs which are classified by NIOSH as Group 2 or 3 where large quantities of APIs are used routinely	
<input type="checkbox"/> Yes <input type="checkbox"/> No	Complex compounds as defined in USP <795>	When there is uncertainty as to the level of risk, then you must adhere to the higher standard (e.g., Level C). Level B <ul style="list-style-type: none"> • Separate, well-ventilated room with a door, containing a sink, which may require a ventilated containment device when powders, aromatic products or hazardous products are compounded. • Compounding room must be internally ventilated using high-efficiency particulate air (HEPA) filtration or externally ventilated with or without HEPA filtration. • Containment device must have either redundant HEPA filters in a series or be externally ventilated (the preferred option). • Larger workspace and appropriate equipment • Heating and air conditioning systems must occur through professionally designed HVAC systems that avoid decomposition and contamination of chemicals; air vents cannot be located over work stations. • Environment conducive to little or no interruptions
<input type="checkbox"/> Yes <input type="checkbox"/> No	Small quantities of ingredients or preparations which require ventilation	When there is uncertainty as to the level of risk, then you must adhere to the higher standard (e.g., Level B). Level A <ul style="list-style-type: none"> • Separate space designated for compounding, large enough for compounding personnel to work safely, with an adjacent heat source and sink.
<input type="checkbox"/> Yes <input type="checkbox"/> No	Simple and moderate compounds as defined in USP <795>	

* Requirements are excerpts from the [Standards for Pharmacy Compounding of Non-sterile Preparations](#) and must not be read in isolation. Refer to the standards for complete requirements.

Your accompanied floor plan must indicate the location of the engineering controls (e.g., containment hood, room ventilation, HEPA filters, eyewash station, safety shower, sink, doors etc.) required for the pharmacy based on the APIs with which you will be compounding, the corresponding Safety Data Sheets, and your assessments of risk.

This information, along with compounding policies and procedures, documentation related to compounding personnel, sample master formulation and compounding records, maintenance and certification reports, and a quality assurance program, must be available upon request during the compounding and repackaging inspection.

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

Sterile compounding

If your pharmacy will be compounding sterile preparations, you must comply with the [Model Standards for Compounding Hazardous and Non-Hazardous Sterile Preparations](#).

Will the pharmacy be compounding sterile preparations?

Yes No

If yes, indicate risk level(s)/use:

High Medium Low Immediate use

- Risk levels are per the [Model Standards](#)

Will the pharmacy be compounding *hazardous* sterile products?

Yes No

If yes, indicate microbial risk level(s):

High Medium Low

- Risk levels are per the [Model Standards](#)

Part C: Floorplan Requirements

Floor plans submitted that do not clearly indicate and comply with all elements listed within this guide will not be reviewed.

Criteria	✓
Is the floor plan clear, accurate and legible ? <ul style="list-style-type: none"> • Floor plans must be professionally drawn (either digitally created or drawn on a grid) to scale with the scale or conversion included in the drawing 	
Does the floor plan include exact measurements (in ft.) of all dimensions (e.g., walls and entry points) so that the area of the dispensary and patient services area may be easily calculated?	
Does the floor plan clearly identify the <ul style="list-style-type: none"> • dispensary⁴, • patient services area⁵, and • surrounding public area⁶? 	
Does the floor plan clearly indicate the size (in square feet) of the <ul style="list-style-type: none"> • dispensary (must be at least 193.8 ft² (18 m²) in area), • patient services area, and • total prescription department (a prescription department (dispensary + patient services area) must be at least 355.2 ft² (33 m²) in area) Premises/rooms shared with other businesses (e.g., waiting room) are considered a public area and do not count towards the overall size of the prescription department.	
Does the floor plan clearly indicate all areas where drug product or patient records will be stored? <ul style="list-style-type: none"> • If you are storing records outside of the dispensary, you will need to submit the Application to Maintain Records at a Location Other than the Pharmacy 	
Does the floor plan clearly indicate all areas where pharmacy services will be provided?	
Does the floor plan clearly indicate all entry points into the dispensary ? <ul style="list-style-type: none"> • Indicate whether there is a gate, lift-up countertop, or door. • You cannot have the only access to the dispensary be through a counselling room or office. 	

⁴ “dispensary” means the area of a licensed pharmacy that is not accessible to the public and in which pharmacists

- dispense, provide for sale, and sell drugs referred to in sections 31 and 32 of the [Pharmacy and Drug Act \(PDA\)](#), and
- compound drugs referred to in sections 31, 32 and 33 of the Act;

⁵ “patient services area” means the area of a licensed pharmacy located outside and adjacent to the dispensary where

- patients receive pharmacy services from pharmacists, and
- drugs referred to in section 33 of the Act may be provided for sale;

⁶ “public area” means the area of a licensed pharmacy located outside the prescription department.

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

<p>Does the floor plan clearly identify the following within the dispensary?</p> <ul style="list-style-type: none"> • a counter with at least 16.1 ft² (1.5 m²) of uninterrupted work space (i.e., free of computer terminals, phones, etc.) • working aisles that are at least 3 ft. (90 cm) wide • adequate shelving and storage • compounding area, in accordance with the compounding standards <ul style="list-style-type: none"> ○ location of the sink and heat source for compounding ○ any fume hoods, eyewash stations, safety showers, as applicable • refrigerator (bar refrigerator units are not acceptable) • lockable drug locker or cupboard • computer terminal(s) 	
<p>Does the floor plan clearly identify a semi-private area for receiving prescriptions (e.g., a service counter with suitable visual and sound barriers and away from patient waiting- or high-traffic areas)?</p>	
<p>Does the floor plan clearly identify any private area(s) used for injection services (must be publicly and wheelchair accessible)?</p>	
<p>Does the floor plan clearly indicate any security grilles used to secure the dispensary?</p>	
<p>If sharing premises⁷ (for example, with a medical clinic), have you included an additional floor plan depicting the overall facilities, space and layout of the premises?</p> <ul style="list-style-type: none"> • If the pharmacy shares a premise, the prescription department must operate as a lock and leave. • If the pharmacy shares a premise you must submit a Shared Premise application. 	

⁷ According to the [Foundational Requirements: Guidance Document for Opening a Licensed Pharmacy](#), the pharmacy and an adjoining business must be able to operate independently of one another; patients must be able to recognize when they have entered the licensed pharmacy, and that an adjoining business (e.g., a medical clinic) is separate from the pharmacy. The pharmacy and the adjoining business must not engage in any practice or enter into any arrangement that unduly interferes with independent patient choice.

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

Section Five: Licensee Information

Part A: Licensee Undertaking (this undertaking must be completed by the licensee applicant)

I, _____, am applying for a pharmacy licence under the *Pharmacy and Drug Act* ("the Act") to operate a pharmacy. In making this application, I undertake

- (a) to personally manage, control and supervise the practice of pharmacy associated with the pharmacy; and
- (b) to comply with the Act, any condition imposed on the pharmacy licence, any order made under the Act, the Code of Ethics, and the Standards for the Operation of Licensed Pharmacies.

Without limiting the statement above, if a pharmacy licence is issued to me, I undertake to ensure that

- Pharmacy services⁸ are provided in accordance with the Legislative Framework⁹.
- All drugs and records are maintained in accordance with the Legislative Framework and are kept under my care and control.
- Pharmacy services are provided by regulated members under my management without conditions imposed by me or a proprietor that compromise their professional independence, judgment or integrity.
- The licensed pharmacy has the
 - facilities,
 - space and equipment,
 - systems and procedures,
 - requisite number of staff with the training and qualifications to ensure safe, effective, and secure provision of pharmacy services.
- I will apply to the Registrar for approval, before any changes are made to the physical facilities, space or layout of the licensed pharmacy, including any renovation or relocation.
- ACP is told in writing
 - the names of each regulated member working at the licensed pharmacy, including any temporary pharmacist-in-charge;
 - the identity of
 - the proprietor, including a corporate proprietor,
 - any major shareholder, and
 - the individual who is the proprietor's agent;
 - the pharmacy hours of operation and any temporary closures;
 - if the pharmacy is operating as a lock and leave pharmacy; and
 - if I intend to cease or cease being the licensee.
- If I intend to cease being the licensee or the pharmacy ceases to operate for any reason, I understand it is my responsibility to
 - Ensure that
 - all drugs in the pharmacy are disposed of in accordance with the *Controlled Drugs and Substances Act* and the *Food and Drug Act* (unless the ACP has approved the secured storage of drugs at the pharmacy in circumstances where the pharmacy may continue to operate);
 - the Registrar is immediately advised of the date the pharmacy ceases to operate;
 - patient records are transferred to another licence pharmacy or each patient is given access to a copy of the patient's record;
 - the ACP is advised of the location of the patient records; and
 - an inventory of all drugs in the pharmacy is prepared and copies are maintained in the files of the closed pharmacy, sent to the ACP and kept by myself; or
 - Ensure that a new licensee or a temporary pharmacist-in-charge has been approved by the Registrar.
- I report to the ACP any proprietor who directs, influences or attempts to direct or influence the management or operation of the licensed pharmacy in a way that contravenes or could contravene the Legislative Framework.
- I cooperate with site and practice visits. and
- I renew the licence annually within the appropriate timeframe.
-

Application to ADD-ON a Compounding and Repackaging Pharmacy Licence

Part C: Proprietor’s Agent Undertaking *(this undertaking must be completed by the Proprietor’s Agent)*

As the proprietor’s agent, I hereby undertake to personally ensure that the proprietor fulfils the responsibilities and obligations of a proprietor under the Legislative Framework.¹⁰

Without limiting the statement above, I undertake:

- To ensure that both the proprietor and I comply with the *Pharmacy and Drug Act*, any order made under the *Pharmacy and Drug Act*, the Code of Ethics and the Standards for the Operation of Licensed Pharmacies.
- To take reasonable steps to ensure that the licensee of the pharmacy is capable of:
 - managing the practice of pharmacists and pharmacy technicians in that licensed pharmacy, and
 - ensuring compliance with the standards.
- To ensure that the proprietor provides the licensee with the support and resources necessary for the licensee to comply with the licensee’s obligations in accordance with the Legislative Framework.
- To take reasonable steps to ensure that all required records are created and maintained in accordance with the *Pharmacy and Drug Act*.
- To ensure that neither the proprietor or I directly or indirectly influence or attempt to direct or influence the management or operation of the licensed pharmacy in any way that contravenes or could result in the contravention of
 - the *Pharmacy and Drug Act*, any regulation made under it,
 - a condition imposed on the licence,
 - an order made under the *Pharmacy and Drug Act*,
 - Legislative Framework.
- To ensure that neither the proprietor nor I impose any condition on a licensee, regulated member or other regulated health professional working in a licensed pharmacy that compromises the licensee’s or other regulated health professional’s professional independence, judgment or integrity.
- To advise the Registrar in writing if I know or have reason to believe a licensee is acting in contravention of the licensee’s obligations under section 10 of the *Pharmacy and Drug Act*.
- To ensure the pharmacy closes if there is no licensee unless another pharmacist approved by the Registrar continues to operate the pharmacy.
- To ensure the proprietor retains a pharmacist to carry out the obligations of the licensee set out in section 27(1) of the *Pharmacy and Drug Regulation* or give the ACP notice and access to the pharmacy to carry out the obligations under section 27(1) of the *Pharmacy and Drug Regulation* if the pharmacy ceases to operate for any reason and the licensee does not carry out the obligations under section 27(1) of the *Pharmacy and Drug Regulation*.
