Prescription regulations summary chart

Summary of federal and provincial laws governing prescription drug ordering, records, prescription requirements, and refills

Revised 2017

Prescription regulations

According to the Standards of Practice for Pharmacists and Pharmacy Technicians:

6.4 Neither a pharmacist nor a pharmacy technician may dispense a drug or blood product under a prescription that was issued more than one year before the date the drug or blood product is to be dispensed.

6.5 Neither a pharmacist nor a pharmacy technician may refill a prescription for (a) a benzodiazepine or other targeted substance, as defined in the regulations to the Controlled Drugs and Substances Act, for a period greater than 12 months after the prescription was first written, or (b) a Schedule 1 drug for a period greater than 18 months after the prescription was first filled.

Prescriptions for drugs on the Prescription Drug List can be transferred to another pharmacy either by fax or over the phone by a pharmacist or pharmacy technician. The pharmacist or pharmacy technician receiving the transferred prescription must obtain all the information required in a prescription in addition to:

- the name and address of the transferring pharmacy;
- the name of the transferring pharmacist;
- the number of authorized refills remaining and, if applicable, the specified interval between refills; and
- the date of the first fill and last refill (or the date the prescription was written, if applicable).

Once the prescription is transferred out, the pharmacist or pharmacy technician who transferred the prescription must inactivate the prescription at their pharmacy, ensuring it is not dispensed or transferred again. In addition, the following information must be documented:

- the date of the transfer;
- the name and address of the pharmacy that received the prescription;
- the name of the pharmacist who received the prescription;
- the name of the pharmacist who transferred the prescription; and
- the name of the pharmacy technician who assisted the pharmacist with the transfer, if applicable.
**Products included in the Triplicate Prescription Program**

This is a reference list provided for convenience. While all generic medication names appear, only sample brand names are provided and it should not be viewed as an all-inclusive listing for trade names of drugs included on the Triplicate Prescription Program.

**BUPRENORPHINE**  
BuTrans, Suboxone**  

**BUTALBITAL PREPARATIONS**  
Fiorinal, Fiorinal C ¼ & C ½, Pronal, Ratio-Tecnal, Ratio-Tecnal C ¼ & C ½, Trianal, Trianal C ½

**BUTORPHANOL**  
Butorphanol NS, PMS-Butorphanol, Torbutrol (Vet), Torbugesic (Vet)

**DEXTROPROPANOXYPHENE**  
None identified

**FENTANYL/SUFENTANIL/ALFENTANIL**  
Alfentanil injection, Apo-Fentanyl Matrix, Co-Fentanyl, Duragesic patches, Fentanyl Citrate injection, Fentora, Mylan-Fentanyl, PMS-Fentanyl MXT, Ran-Fentanyl, Sufentanil Citrate injection USP, Sterimax, Teva-Fentanyl

**HYDROCODONE – DIHYDROCODEINE**  
Dalmacol, Dimepex Expectorant-DC, Hycodan, Novahistine-DH, Novahistine-DH, PDH-Hydrocodone, Tussionex, Vasofrinic DH

**HYDROMORPHONE – DIHYDROMORPHINE**  
Dilaudid, Dilaudid-HP, Hydromorph Contin, Jurnista, PMS-Hydromorphone

**KETAMINE**  
Ketalar, Ketalean (Vet), Ketamine Hydrochloride Injection USP, Ketaset (Vet), Vetalar (Vet), Narktan (Vet)

**MEPERIDINE – PETHIDINE**  
Demerol, Meperidine HCL injection

**METHADONE**  
Metadol, Methadose  

*May only be prescribed by physicians who hold a methadone exemption authorized by Health Canada for opioid dependency or pain management***

**METHYLPHENIDATE***  
*A biphenalin and Concerta brand are excluded from TPP prescription pad requirements*

Apo-Methylphenidate, PHL-Methylphenidate, PMS-Methylphenidate, PMS-Methylphenidate ER, Ratio-Methylphenidate, Ritalin, Ritalin SR, Sandoz-Methylphenidate SR, Teva-Methylphenidate ER-C

**MORPHINE**  
Morphine Sulfate  
Kadian, M-Eslon, Morphine HP & LP, MS Contin, MS-IR, Ratio-Morphine SR, Statex, PMS-Morphine Sulfate SR, Sandoz-Morphine SR, Teva-Morphine SR  

*Morphine Hydrochloride*  
Doral, Morphine Epidural, Ratio-Morphine

**NORMETHADONE**  
Cophylac

**OXOCODONE**  
ACT-Oxycodone CR, Apo-Oxycodone CR, Endocet, Oxy-IR, OxyNEO, Percocet, Percocet-Demi, PMS-Oxycodone-Acetaminophen, PMS-Oxycodone CR, Ratio-Oxycet, Ratio-Oxydcan, Rivacet, Sandoz-Oxycodone/acetaminophen, Supeudol, Targin

**PENTAZOCINE**  
Talwin

**TAPENTADOL**  
Nucynta ER, Nucynta IR

*** Confirm exemptions by contacting one of the following: The College of Physicians & Surgeons of Alberta 780-423-4764 or 1-800-561-3899 or email methadoneinfo@cpsa.ab.ca or The Office of Controlled Substances, Health Canada 1-613-946-5139 or 1-866-358-0453 or email exemption@hc-sc.gc.ca

<th>Description</th>
<th>Prescription requirements</th>
<th>Refills</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>N</strong> Narcotic drugs</td>
<td>All single entity narcotic drugs. All narcotics for parenteral use. All preparations containing more than one narcotic drug or containing less than two non-narcotic ingredients.</td>
<td>Written or faxed** prescriptions signed and dated by an authorized prescriber. Verbal prescriptions are not permitted.</td>
<td>No refills or transfers permitted. All “re-orders” must be new written prescriptions. Part fills allowed; for part fills, prescriber must indicate the total amount of medication, quantity for each part fill, and intervals between fills.</td>
</tr>
<tr>
<td>Examples: Butrans,* Cesamet, Codeine, Cophylac,* Demerol,* Dilaudid,* Dimetane Exp DC,* Duragesic,* Jurnista,* Ketalar,* Lomotil, Metadol,* Methadose,* Morphine,* Novahistex DH,* Percocet,* Suboxone,* Talwin,* Targin,* Tussionex,* Tylenol #4, Tylenol with Codeine Elixir</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>N</strong> Verbal prescription narcotics</td>
<td>Preparations that are not for parenteral use and contain only one narcotic drug plus two or more additional medicinal ingredients in a therapeutic dose. May not contain diacetylmorphine (heroin), hydrocodone,* methadone,* oxycodone,* or pentazocine.*</td>
<td>Written, faxed** or verbal prescriptions from an authorized prescriber. Verbal prescriptions must be direct from prescriber to pharmacist.*** All verbal prescriptions must be reduced to writing by the pharmacist and indicate: 1. Name and address of patient 2. Name, initials and address of prescriber 3. Name, quantity, and form of drug(s) 4. Directions for use 5. Name and initials of dispensing pharmacist or pharmacy technician 6. Date 7. Prescription number 8. Number of refills (when permitted) must be indicated</td>
<td>No refills or transfers permitted. All “re-orders” must be new prescriptions. Part fills allowed; for part fills, prescriber must indicate the total amount of medication, quantity for each part fill, and intervals between fills.</td>
</tr>
<tr>
<td>Examples: Dimetane Expectorant-C, Calmylin ACE, Dimetapp-C Syrup, Robitussin AC, 292 Tablets, Tylenol #2, Tylenol #3, Fiorinal-C1/4, C1/2*</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>C</strong> Controlled drugs - Part I</td>
<td>Drugs listed in Part I of the Schedule to Part G of the Food and Drug Regulations.</td>
<td></td>
<td>No refills allowed if original prescription is verbal. If written, the original prescription may be repeated if the prescriber has indicated in writing the number of refills and the intervals between refills. Transfers not permitted.</td>
</tr>
<tr>
<td>Examples: Adderall XR, Biphentin, Concerta, Dexedrine, Ritalin*</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>C</strong> Controlled drugs - Parts II &amp; III</td>
<td>Drugs listed in Part II and III of the Schedule to Part G of the Food and Drug Regulations.</td>
<td></td>
<td>An original written or verbal prescription may only be refilled if the prescriber has authorized, verbally or in writing, the number of refills and the intervals between refills. Transfers not permitted.</td>
</tr>
<tr>
<td>Examples: Anabolic steroids, Barbiturates (except Pentobarbital and Secobarbital), Butorphanol,* Nubain</td>
<td></td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>N</strong> Benzodiazepines and other targeted substances</td>
<td>Drugs listed in the Schedule to the Benzodiazepines and Other Targeted Substances Regulations.</td>
<td></td>
<td>An original written or verbal prescription may only be refilled if the prescriber has authorized, verbally or in writing, the number of times it may be refilled. Unfilled refills may be transferred - this applies only to drugs in this classification.</td>
</tr>
<tr>
<td>Examples: Apo-Oxazepam, Ativan, Clorazepate, Flurazepam, Frisium, Lectopam, Mogadon, Restoril, Rivotril, Valium, Xanax</td>

** Please review Ensuring safe and efficient communication of medication prescriptions: [https://pharmacists.ab.ca/sites/default/files/CommunicationOfMedicationPrescriptions.pdf](https://pharmacists.ab.ca/sites/default/files/CommunicationOfMedicationPrescriptions.pdf)

*** Pharmacy Technicians may accept verbal prescriptions for drugs on the Prescription Drug List.
A pharmacist or a pharmacy technician who engages in dispensing must ensure that their dispensing activities are recorded in a clear audit trail that identifies:

- all individuals who were involved in the processing of a prescription and dispensing of the drug, and
- the role of each individual.

A licensee must ensure that written prescriptions, transaction records, compounding records and repackaging records for all drugs that have been dispensed, compounded or repackaged are:

- filed systematically; and
- retained for at least two years past the completion of drug therapy with regard to the prescription or for 42 months (3.5 years), from the date of first fill, whichever is the longest period.

Prescriptions for narcotic and controlled drugs must be filed separately from other prescriptions.

Prescriptions for targeted substances do not have to be filed separately.
