Enabling popups in Academy

To complete activities in Academy, popups must be enabled in your browser. Google Chrome is the browser recommended and supported by ACP. The following steps show how to enable popups in Academy using Chrome.

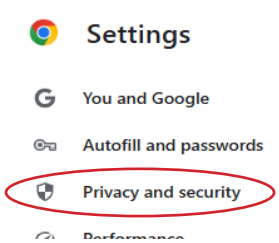

Enabling popups in Google Chrome

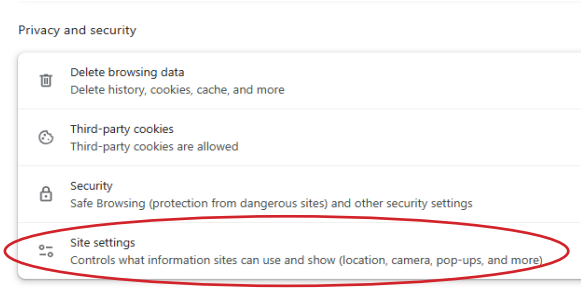

- Open a new **Google Chrome** window on your computer.

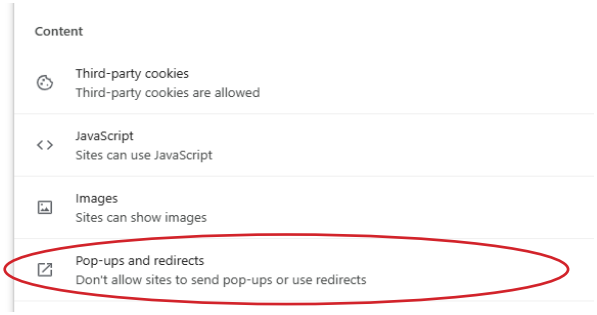

- Click the **three dots** in the top-right corner of your window.
- From the dropdown menu, select **Settings**.

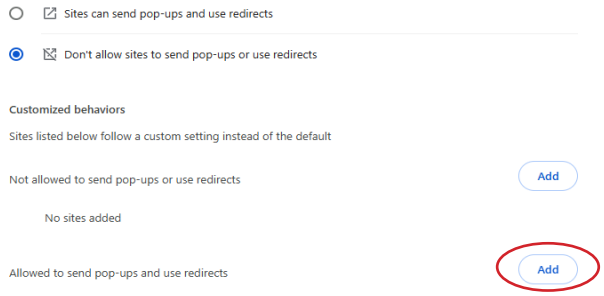

- On the left-hand side of your screen, select **Privacy and security** from the Settings menu.

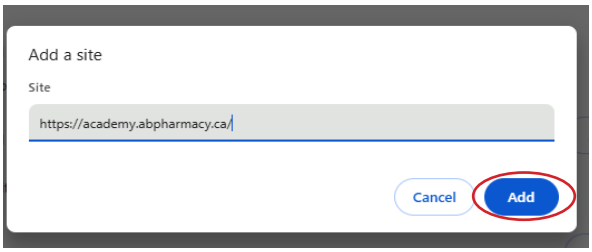

- From the Privacy and security menu, click on **Site settings**.

- From the Site settings menu, select **Pop-ups and redirects**.

- Scroll to the Customized behaviors section and click **Add** to Allowed to send pop-ups and use redirects.

- In the dialogue box that opens, paste the web address for Academy into the box as follows: https://academy.abpharmacy.ca/
- Click **Add**.

Popups should now be enabled for Academy!
