

Pharmacists: moving to an inactive status

Practice permit renewal opens on Tuesday, April 2, 2024, for pharmacists. If you no longer intend to practise pharmacy and wish to move to an inactive status, you may choose one of the following options.

Change to associate (non-regulated member)

- You will continue to receive communications from ACP, and you will have access to the CCP portal.
- There is an annual fee associated with registering on the associate register. However, should you wish to reinstate your practice permit, the reinstatement fee is waived.

Voluntarily cancel my pharmacist registration

- No fees apply.

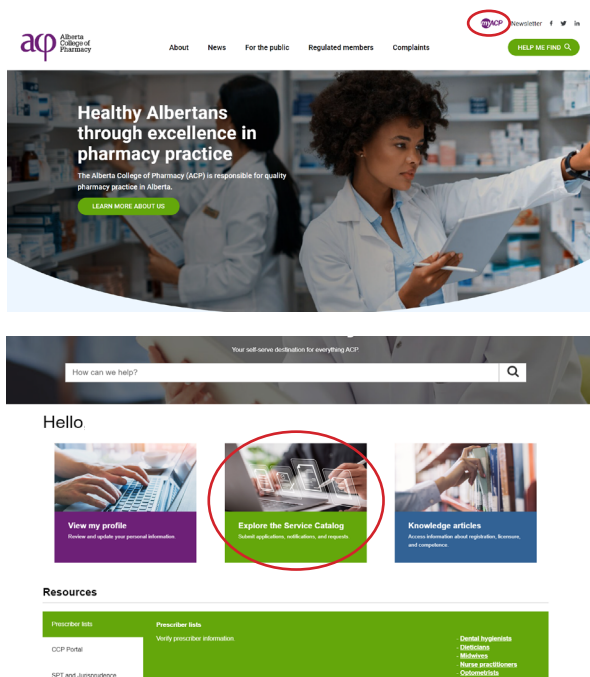

Retire

- To be eligible for the retired register, you must be 55 years of age or older.
- No fees apply.

If you move to any one of the above statuses, you would need to apply for reinstatement should you wish to return to practice. The [reinstatement requirements](#) differ based on how long you have been inactive.

If your intent is to move to an inactive status, please complete this process by Friday, May 31, 2024, through myACP.
